

High Sensitivity CRP Change

Clayton Wilburn, MD
Medical Director
Clinical Chemistry
Phone: 847-9657

On October 28, 2020, the UVMHC laboratory will be updating our hs-CRP assay on the Ortho Vitros 5600 platform. This update will require a slight modification to the low end of the measuring range. The current low end is 0.10 mg/L and the new low end will be 0.34 mg/L.

There will be no other changes to the test and the way it is ordered or reported.

<u>Test Name</u>	<u>Epic Code</u>	<u>Current Low End</u>	<u>New Low End</u>
High Sensitivity CRP	LAB150	0.10 mg/L	0.34 mg/L

If you have any questions or concerns please contact Dr. Clayton Wilburn (clayton.wilburn@uvmhealth.org) in the clinical chemistry laboratory.
